

Family-Based Treatment for Adolescent Anorexia Nervosa (FBT-AN)

Objectives

In completing training participants will have:

- A background understanding of the historical influences on the development of FBT
 - Sound understanding of the core principles of FBT
 - Ability to set up treatment well
 - Capacity to conduct FBT with a young person & their family
 - Introductory skills into how to address clinical dilemmas that arise during FBT
-

Target Audience

Health Professionals working with adolescents experiencing anorexia nervosa.

Registrations from Victorian public mental health services clinicians will be prioritised.

Training Prerequisite

The FBT-AN training forms part of the advanced treatment training component of the CEED comprehensive eating disorders training. Prior completion of an introductory training in eating disorders before attending FBT-AN Training is essential.

Recommended Introductory Training:

- **Inside Out Institute's Eating Disorders Essentials Training** (Modules 1, 2 & 3). Please note: ED Essentials online training consists of approx. 17 hrs of Professional Development. Please allow time to register and complete this training.
- **NEDC Eating Disorder Core Skills: eLearning for Mental Health Professionals**

Click [HERE](#) to register for either training.
